Re: T-Mobile West Corporation
Idaho Study Area Code 479013

Ms. Dortch:

Please accept the attached IAS and ICLS certifications for Program Year 2011-2012 as the inaugural certifications for T-Mobile USA, Inc., parent company of T-Mobile West Corporation ("T-Mobile"), Study Area Code 479013, in Idaho.

T-Mobile was designated as an Eligible Telecommunications Carrier ("ETC") by the Idaho Public Utilities Commission on August 9, 2011 and its designation was effective immediately. Therefore, T-Mobile is eligible to receive High Cost Universal Service payments effective August 9, 2011. Each ETC serving lines in the service area of a price-cap carrier is required to file an IAS certification and each ETC serving lines in the service area of a rate-of-return carrier is required to file an ICLS certification.

Although the IAS and ICLS certifications for Program Year 2011-2012 were due by June 30, 2011, T-Mobile's designation as an ETC was thereafter effective on August 9, 2011, and FCC rules expressly provide for the filing of supplemental certifications for new ETC designations. Accordingly, T-Mobile hereby timely submits its IAS and ICLS certifications for the Program Year for which the payments starting in August 2011 will be made.

Best regards,

Rhonda R. Thomas
Regulatory Manager
T-Mobile USA, Inc.
